Dear Sir:-

I have received your letter of June 1st and shall notify each College and Faculty of the decision of the Caput and ask them to choose their representatives.

In the case of Faculty of Education however I am afraid it will be impossible until autumn.

Yours sincerely

Dear Miss McTaggart:

At a meeting of the Caput held on Monday it was resolved that a Women's Athletic Directorate should be formed composed as follows:

(1) One undergraduate woman from each College and the Faculties of Education and Medicine.

(2) Two women on University staff nominated by the President.

(3) One woman graduate chosen by each College and Faculty Women's Athletic Association.

It was also resolved that the question submitted by the Women's Federal Athletic Association as to joining with Queen's and McGill Universities in Interuniversity Basketball should be referred to this Athletic Directorate in the autumn for decision.

Will you kindly notify the Secretary of each College and Faculty Athletic Association of the proposal to establish such an Athletic Directorate, and ask each to nominate a woman graduate to act upon the Committee ? Would you also ask each College and Faculty to choose a woman undergraduate to act ?

Yours sincerely,

President.
